#### Section 2: Hazards identification

Substances presenting a health or environmental hazard within the meaning of the Dangerous Substance Directive 67/548/EEC and OSHA Hazard communication, 29 CFR 1910.1200

#### Classification According to Regulation (EC) no. 1272/2008:

Not a hazardous substance or mixture according to the Dangerous Substance Directive 67/548/EEC and OSHA'S Hazard Communication Standard, 29 OFR 1910

#### Labeling according Regulation (EC) NO 1272/2008 (CLP):

UNAYOL

| H305 | : May be harmful if swallowed.         |
|------|--|
| H317 | : May cause an allergic skin reaction. |
| H320 | : Cause eye irritation.                |
| H335 | : May cause respiratory imitation      |

#### **GHS Precautionary statement:**

#### **General Precautionary**

| P101 | : If medical advice is needed. have product container or label at hand. |
|------|---|
| P102 | : Keep out of reach of children.  |
| P103 | : Read label before use.  |

#### **Prevention Precautionary**

| P262 | : Do not get on eye, on skin or in clothing        |
|------|--|
| P264 | : Wash thoroughly after handling.                  |
| P280 | : Water gloves/protective clothing/eye protection. |

#### **Response Precautionary**

| P301 + P330 + P331 | : If swallowed, rinse mouths, don't induce vomiting.                  |
|--------------------|---|
| P302 + P352        | : If on skin, wash with soap and water.                               |
| P332 + P313        | : If skin imitation occurs, get medical advice/attention.             |
| P305 + P351 + P338 | : If on eye rinse, cautiously with water for several minutes & remove |

#### contact lances if present

#### **Storage Precautionary**

| P4O2 + P4O4 | : Store in a dry place, store in a closed container.              |
|-------------|---|
| P403        | : Store in a well - ventilated area,                              |
| P411        | : Store at temperature not exceeding $50^{\circ}C/122^{\circ}F$ . |

#### **Disposal Precautionary**

P501 : Dispose of content/container according to local environmental quality Act & Regulatory.

#### Section 3: Composition/Information on ingredients

**Chemical characterization description** : Aqueous dispersion of acrylate polymer and pigment.

| Product Name | Silkflex Photosol TSP |           |             |  |
|--------------|-----------------------|-----------|-------------|--|
| Composition  | Chemical Type         | CAS No.   | % By Weight |  |
| Polymer      | Polyvinyl Acetate     | 9003-20-7 | 35-37       |  |
| Others       | Water                 | 7732-18-5 | 63-65       |  |

**Dangerous components**: No special hazards have to be mentioned. Occupational Exposure limit (s), if available, are listed in section 8

### Section 4: First aid measures

#### 4.1 General

: In all cases of doubt, or when symptoms persist, seek medical attention. If unconscious, place in recovery position and seek medical advice. Never give anything by mouth to an unconscious person.

#### 4.2 Inhalation

: Not applicable. Water-based and non-hazardous vapor.

| CHUTIEV <sup>®</sup>                             | LAIAVA!  |
|--|--|
| 4.3 Eye contact                                  | : Immediately irrigate copiously with clean water for 5-10 minutes, keeping eyelids open. Seek medical attention if irritation persists.   |
| 4.4 Skin Contact                                 | : Remove contaminated clothes. Wash skin thoroughly with soap and water or use a suitable skin cleaner. DO NOT use solvent or thinners.  |
| 4.5 Ingestion                                    | : Keep person warm and at rest. DO NOT induce vomiting. If<br>washing hold down the head to reduce the risk of getting<br>stomach content into the lungs. Obtain medical attention<br>unless only an insignificant amount has been swallowed.                    |
| Section 5: Fire fighting measures                |  |
| 5.1 Suitable extinguishing media                 | : The wet inks are not flammable. For dry inks, in case of fire, use water spray (fog), foam, dry chemicals or $CO_2$ . Closed containers may be cooled with water spray.  |
| 5.2 Unsuitable extinguishing media               | : Not applicable.  |
| 5.3 Hazardous thermal<br>(decomposition product) | Refer to MSDS Section 10.  |
| Section 6: Accidental release mea                | isures   |
| 6.1 Personal precautions                         | : Avoid contact with skin and eyes. Avoid inhalation of vapors.<br>Refer to protective measures listed in sections 7 and 8.  |
| 6.2 Spill  | : Prevent entry into sewers, basements or confined areas, dike<br>etc. Put the spilled material in an appropriate waste disposal.  |
| Section 7: Handling and storage                  |  |
| 7.1 Handling                                     | : Avoid contact with skin and eyes. Avoid excessive inhalation<br>of vapor. Eating and drinking should not be in area where this<br>product is handled. Personal Protective Equipment, see section<br>8. Keep away from incompatibles in section 10.             |
| 7.2 Storage                                      | : Keep container tightly closed. Store in a dry, cool and well<br>ventilated area. Storage temperature: refer to the Technical<br>Data Sheet. Keep away from incompatibles mentioned in<br>section 10.   |
| 7.3 Packaging material                           | : Always keep in containers made from the same material as the original one.   |
| Section 8: Exposure control/pers                 | onal protection  |
| 8.1 Engineering measures                         | : Provide exhaust ventilation or other engineering controls to<br>keep the airborne concentration of vapors below their<br>respective Occupational Exposure limits. Ensure that eye<br>wash station and safety showers are close to the workstation<br>location. |
| 8.2 Hygiene measure                              | : Wash hands, forearms and face thoroughly after handling<br>and before eating, smoking, using lavatory, and at the end of<br>Page <b>3</b> of <b>6</b>  |
|  | rage <b>3</b> UI <b>0</b>  |

| SILKFLEX®                       | the day. Always immediately wash contaminated skin. Apply a suitable skin lotion.           |
|---------------------------------|---|
| 8.3 Personal protection equipme |   |
| 8.3.1 Respiratory system        | : Wear appropriate respirator when ventilation is inadequate.                               |
| 8.3.2 Eyes                      |   |
|                                 | : Wear safety goggles or other suitable protective equipment if there is a risk of contact. |
| 8.3.3 Skin and body             |   |
|                                 | : Wear suitable protective clothing.  |
| 8.3.4 Hands                     | : Wear suitable gloves  |
| Section 9: Physical and ch      | emical properties   |

15.1 Classification of Risk Phrases : This product is not classified according to the EU regulations
15.2 Classification Safety Phrases : Not applicable.
15.3 Additional warning : Safety Date Sheet available for professional user on request.
15.4 Restriction to market directive : Not applicable.

## Section 16: Other information

Comment

: This product is free of glycol.

The information in this brochure has been compiled in accordance to our best knowledge at the date of issue and is based on recent technological and scientific developments. However, this information should not be construed as recommending the use of our product in violation of any patent or as warranties (express or implied) of non-infringement or its fitness for any particular purpose. Prospective purchasers are invited to conduct their own tests and studies to determine the fitness of Silkflex products for their particular purposes and specific applications. Due to the varying techniques and conditions applied, Silkflex accepts no responsibility for any use of the product, by way of experiment or manufacture nor does Silkflex accept any responsibility for the used techniques in any application whatsoever. Silkflex does not warrant against infringement of patents of third parties by reason of any uses purchasers make of the product.
